POST GRADUATE DIPLOMA IN MANAGEMENT
(AGRI-BUSINESS MANAGEMENT)

A PROMISE TO AGRIBUSINESS

PLACEMENT BROCHURE
PGDM (ABM)
2018-19
Agriculture industry being the backbone of the country, demands our earnest efforts to furbish it in such a way so as to sustain in the current trend of shifting paradigms. The main focus is to strengthen the Agri-Value Chain by reinforcing the market linkages. A farmer today, wins in the agricultural field, but loses in the market and this is what needs to be pondered upon.

The young blood of today is to be infused with all the required skillset and courage in order to bring about a palpable change in the industry and connect production to marketing in the most constructive way possible.

NIAM plays a pivotal role in the field of Agricultural Marketing and continuously strives to better itself. We, at NIAM, set our own standards in our route to success, chase our own dreams and are always ready to face the challenges ahead. We are in competition with us and this is how the legacy continues. The continuous pursuit of excellence paves our way in creating value to oneself, to the industry and ultimately to the nation.

“Excellence is a continuous process and not an Accident”

Agribusiness and Food Industry need best brains and most efficiently trained manpower to maximize returns in Agriculture by connecting farmers and consumers. This paradigm of “Farm to Folk” is very adequately served by the pass outs of PGDM (ABM) from the portals of CCS NIAM. Right attitude and complete skill set make students the distinguished Techno-Managers.

Dr. Vikram Singh

Established in 1988, under the Ministry of Agriculture and Farmers’ Welfare, Government of India, the Chaudhary Charan Singh National Institute of Agricultural Marketing (CCS NIAM) is vested with the responsibility to fortify the Agricultural Marketing sphere by rendering specialized training, research and consultancy to India and other South-East Asian countries.

The commencement of the management education was from the year 2001 wherein a two year fully residential Post Graduate Diploma in Management (Agri-Business Management) (PGDM (ABM)) was launched. Management Education, since then, has been a foremost concern for the institute to deliver the most promising human resource to the industry. The students at CCS NIAM go through a stringent academic process to come out as the most talented and committed riches for Agri-Business and Food industry.

Since inception NIAM has been constantly providing vitality to the agricultural marketing domain. Its glare has nourished us- “the seeds of creation”, to ensure the burgeoning of entire industry.
